## Preamble:

History is the study of a part of the past. This study gives society a connection to its past and a sense of belonging. This knowledge also enables people to better understand how perceptions, ideologies and beliefs inform the decision-making process at all levels. This in turn may enable society to be sensitive and humane, while promoting reforms, drafting policies and seeking change.

The objective of the B.A. History degree course is to educate the Learner about key events that have taken place in India and globally.
