

Minutes of the BOS meeting held on 5th November 2020

The following points were presented and discussed and the resolution was passed regarding the same:

- i. Online mode of Internal Assessment for UG and PG.
- ii. Online mode of Semester-End Examination for UG and PG.
- iii. Rescheduling of certain portion of the practical syllabus for UG.
- iv. Conducting of virtual practical for both UG and PG.
- v. Reorientation of Practical Component for MSc – Analytical Chemistry (Semester 4- Group D)

The following suggestions were made by the BOS members:

- During discussion on pattern of assessment for SEE examination, the BOS members suggested that the MCQ's should have negative marking and one fourth of the mark should be deducted for a wrong answer.
- The MCQ's could have more than one correct option for a particular question.
- On discussing the change in pattern in the M.Sc research component for semester IV they suggested that the literature survey of the students can be published.
- IM inquired with the BOS members how they were adding chemical structures and equations to the Google forms as it is a tedious process. They suggested using Moodle's as it is easier.
