

25TH SEPTEMBER 2020

REGARDING OPENING OF COLLEGE AND TEXT BOOKS – FYJC 2020

This is to inform all those who have taken admission for fyjc arts / science in sophia college that although we had planned to open college with online classes from first week of october we are unable to do so as the second round of admission is stalled until further notice (due to the maratha reservation issue) . We may be able to begin college from mid – October hopefully if the admission process begins soon. Please do check our college website – sophiacollegemumbai.com from time to time. All communications are done via the college website.

Regarding text book for FYJC ARTS/ SCIENCE please follow the Maharashtra state board syllabus (text books) available at any book shop as per your subjects. Its common for all those who are studying in the Educational institution that follows the state board curriculum.
