To Whom So Ever This May Concern

Date: 03/09/2019

This is to inform that Godrej Agrovet Limited has donated a "Solar Rooftop Power Plant" to Sophia College, Mumbai.

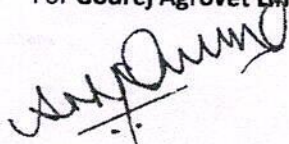

The Solar Rooftop Power Plant has been installed to help Sophia College to become more sustainable in its energy use.

The installation capacity of the Power Plant is approximately 64.02kW power and it is expected to generate around 1 lakh units of electricity per year. This will reduce the GHG footprint of the college by up to 75 tonnes of CO2. Through this initiative, the college will not only save money (reduced electricity bills), but also reduce the dependence on the fossil-fuel powered grid. This will thus, enable the Sophia College to be more environment friendly.

The entire cost amounting to INR 55.42 Lakhs of the Power Plant was borne by Godrej Agrovet Limited and the installation was completed in the financial year 2018-19.

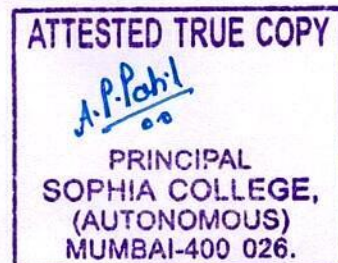

Regards,

For Godrej Agrovet Limited,
