#### Preamble:

This syllabus of Sociology Program offered by Sophia College for Women, Mumbai has been designed under the under the National Education Policy 2020 to be implemented from the academic year 2023-24.

Sociology is the organized, systematic and scientific study of social life, social relationships and behaviour in human society. It emerged in response to attempts to understand changes occurring in society due to the processes of industrialisation, urbanization and globalization. Sociology addresses current social problems confronting society and policy makers. It enables one to think imaginatively, reject preconceived ideas about social life and to understand social change from a wider perspective. It allows one to look beyond a limited understanding of human behaviour and to see the world and people through a broader lens.

The programme aims at introducing the students to important practical applications and enables them to come up with social criticism and practical social reform. Students would be able to critically evaluate policies based on an awareness of divergent cultural values as well as investigate the consequences of policy programmes. The program will cover areas such as crime, delinquency, demography, industrial sociology, rural sociology, sociology of occupation and profession, medical sociology, law and society, sociology of human resource development, research methodology and statistics. Through interactive classroom discussions using methods such as case study analysis, focus group discussions and debates, students would be able to

develop a grasp on the subject. The pedagogical approaches include social outreach programmes, field visits, and expert guest lectures which supplement the classroom learning.

By the end of the programme, students would become capable of careers in planning, community action programmes and public and employee relations. We aim at creating capable and responsible individuals who can prove to be a valuable asset to academia, organizations, think tanks and the corporate sector.
